

Saskatchewan Safety Research Symposium

Saskatchewan Polytechnic
Saskatoon Campus
May 3, 2018

Call for Participation

On behalf of researchers at Saskatchewan Polytechnic and the University of Saskatchewan, we would like to extend a warm invitation for you to join us as we discuss the current state and future of safety research in Saskatchewan.

This event will be both informative and interactive as we seek to share ideas around what Saskatchewan industries, organizations, and researchers consider to be the primary challenges to workplace, community, and personal safety in Saskatchewan. We will explore how researchers can work alongside industry to develop solutions to identified challenges.

Purpose: To connect applied safety researchers, safety practitioners, industry members, and safety organizations/associations in Saskatchewan to share existing research, challenges, and ideas for future research collaborations.

Types of Participation:

- Invited Speakers (30-minutes)
- Round-table Presentation (5-minutes and questions)
- Poster Presentation
- Booth Exhibit
- Audience Member

Attendees, please RVSP to the Centre for Research and Scholarship in Health (crsh@saskpolytech.ca) by **April 15th**

Applications welcome for round-table presentations, poster presentations, and booth exhibitors. Please submit a brief biography (~100 words) and abstract of your presentation or booth (~250 words) to crsh@saskpolytech.ca by **April 2nd**. Presentations are welcome from researchers, students, industry representatives, or organizations on any aspect of workplace, community, or individual safety but must include practical ideas for research or solutions relevant to Saskatchewan.

For more information contact Dr. Press at madeline.press@saskpolytech.ca or Dr. Chirkov at v.chirkov@usask.ca

This event is possible through in-kind and monetary support from Saskatchewan Polytechnic, University of Saskatchewan, and the Natural Sciences and Engineering Research Council of Canada Connection Grant Opportunity.
